**Sub: Training and Capacity building of 3-Tier PRI members and officials during and post Covid-19 pandemic period.**

**Madam/Sir,**

This is to inform you that, capacity building of District / Block and GP level functionaries is the most strategic aspect to fight against the spread of covid-19 corona virus and also in effective implementation of various rural development schemes. The covid-19 pandemic situation has brought the entire world to a halt as such health, livelihoods and other developmental activities in rural area have been evolved as major challenges before PRIs at local level. Considering these the State Govt. has delegated adequate executive powers to PRIs to fight and mitigate the impact of covid-19 in the State. Meanwhile a series of instructions/ advisories/ guidelines and orders have been issued by the State Govt. which need to be percolated down the line to Panchayat level for effective and efficient management of epidemic as well as to ensure secured livelihoods to millions in rural Odisha.

In view of the above, State Institute for Rural Development and Panchayati Raj (SIRD&PR), under the aegis of PR&DW Deptt. has been mandated with the task of capacity building of PRIs as well as cutting-edge functionaries. SIRD&PR is in process of changing the training strategy of PRIs into virtual mode since physical / class room training is not possible during and post Covid-19 pandemic period. Accordingly various e-learning and training modules on Infection Prevention & Control (IPC), COVID Care Home, Livelihood, Leadership & Team work will be rolled out in cascading manner wef from July.
